

CHANGE LOG FOR VERSION 5.01 FROM VERSION 5.0

The following changes were made to upgrade Version 5 of the IDM to Version 5.1

1. Minor typographical and formatting errors
2. Removal of reference to Sustainable Infrastructure Guidelines (to go through separate consultation process before reintroduction)
3. Minor changes to Clause 16.10.3 Standards for the Design and Installation of Pipes
4. Clause 4.2 Development Contributions rewording in line with DELWP recommendations
5. Appendix E Checklists – changes Superintendent to Developer Representative and inserted a space to insert name as well as signature.
